The screenshot shows the SendGrid web interface for Sender Authentication. The page title is "Single Sender Verification". On the left is a sidebar with navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, and Settings. The main content area displays a table of senders. One sender is listed: "Nutrition Assistant App" with a "FROM" address of "nutritionassistantapplication@gmail.com" and a "REPLY" address of "nutritionassistantapplication@gmail.com". The address is "Government College of Engineering Erode, IND" and the nickname is "Nutrition Assistant". The "VERIFIED" status is marked with a red "X", and the "ACTIONS" column shows a vertical ellipsis menu. A "Create New Sender" button is in the top right corner. The browser's address bar shows "https://app.sendgrid.com/settings/sender_auth/senders". The Windows taskbar at the bottom shows the time as 12:28 and a network status notification: "Not connected - No connections are available".
